There seems to be a hitch in the procedure today. I haven't seen a submission from OWP yet, nor have I seen the compilation that Missy does. I am pursuing those. In the meantime here are topics from OPRA and EPR.

Betsy –

Would you forward any Hot Topics you receive today regarding the following:

U&O ozone/ emissions inventory or FIP

VBI70

Superfund Emergency Response Planning

Deb wants to report on these to HQ and I'm compiling these along with some others that will likely be sent to me directly.

Thanks,

Suzanne
